Memory Box Volunteering

Support for those affected by sudden death in young people

Our Memory Boxes are offered to every family who loses a child or young adult suddenly and unexpectedly. Each box contains carefully chosen items that provide comfort and lasting memories during an unimaginable time. As a Memory Box volunteer, you will play a vital role in helping us provide these precious boxes to families when they need them most.

What You'll Do:

- Assemble Memory Boxes with care and attention to detail.
- Ensure each box includes the correct items and is beautifully presented.
- Work from our office on an ad-hoc basis as and when boxes are needed.
- Support our team in preparing boxes for delivery to emergency departments, critical care units, organ donation teams, and neonatal units.

What We're Looking For:

- Compassion and sensitivity to the nature of the role.
- Good attention to detail and ability to follow instructions.
- Reliability and flexibility to attend our office when required.
- A willingness to work as part of a supportive team.

Time Commitment

This is an ad-hoc role based at our office. We will contact you when Memory Boxes need to be made up.

Why Volunteer with Us?

Volunteering as a Memory Box Volunteer is a meaningful way to help 2wish be there for families in their darkest hours. By supporting the preparation of our memory boxes, you help ensure families affected by the sudden death of a child or young person receive thoughtful, compassionate support at a time of unimaginable loss.

This role also gives you the opportunity to become part of the 2wish volunteer community, a caring and supportive group of people who want to make a real difference. Whether you're able to help occasionally or on a more regular basis, your time and care play an important part in helping us support families when they need it most.

"The memory box was and still is so precious to me. I hardly ever light the candle because I don't want it to burn away but it is always on show with a picture of Sam in the frame provided also in the box. The foot and hand print kit in the box provided me with such a special memory of Sam. One of the elephants went into Sam's coffin and the other is always in my handbag so I feel like we are always together. And the star pin badge is always on whatever coat I wear so that he is always shining brightly with me.

Thank you 2wish for giving me and my family such a special thing at a truly awful time."
